ENVER HOXHA

“THE TITOITES” is another book in the series of memoirs and historical and political notes of Comrade Enver Hoxha. Written mainly in the period 1981-82, it comprises the author’s historical notes, reminiscences and detailed analyses of the history of the relations between the Communist Party of Albania and the Communist Party of Yugoslavia, as well as between the Albanian state and the Yugoslav state. Most of this book deals with the period from the first direct contacts (1941) to the final breach of the CPA with Tito and the Titoites (1948). An important place is also given to the struggle of the PLA to uncover and foil the ceaseless anti-Marxist and anti-Albanian activity of the Titoite leadership and its secret agents in the period from 1949 to this day.

This book is published in Albanian and a number of foreign languages. References and foot-notes are of the Institute of Marxist-Leninist Studies at the Central Committee of the Party of Labour of Albania, under the auspices of which this book is published.
