PREAMBLE

Noting that the history of all hitherto existing society has been a history of class struggles;

Recognising that we live in the era of imperialism and the decay and last days of the world capitalist system;

Fully aware that the South African capitalist system and state was imposed from without and continues to be sustained by imperialism;

Conscious of our historic and current experience of the brutal and totalising nature of colonialism and how Black people in general and Africans in particular have historically been dispossessed, oppressed, dominated and racially marginalized by white supremacism in South Africa;

Learning from the experience of all former imperialist colonies and our post-1994 experience that it is impossible to resolve the national, gender, race and class question in South Africa and the rest of the post colonial world without simultaneously defeating capitalism and imperialism and establishing socialism;

We, the Socialist Revolutionary Workers Party, do give ourselves this Constitution, guided by Marxism-Leninism, as a revolutionary tool in our struggles to educate, agitate, mobilise and organize the working class into our Party and in their historic mission to defeat imperialism and capitalism and to establish a Socialist South Africa, Africa and World, as a prelude to advancing to a truly free and classless society: to a Communist South Africa, Africa and Communist World!
